

Church / Non-Profit Impact Sponsor *(revised 08.18.14 web)*

Christian Radio Audience

As a non-profit organization, KAMB can communicate your message to our LARGE and LOYAL audience. With a signal that covers Central California from Stockton to Fresno, KAMB delivers listeners who are the best educated, most affluent and active listeners in all of radio. We would love to have the opportunity to talk with you regarding how you can brand your organization as family friendly, and make our listeners aware of it. Christian radio is the format with the most "time spent listening" - or TSL. Unlike other radio listeners, KAMB listeners tend to listen to KAMB a majority of the time.

Deliver Your Message with Greater Efficiency and Frequency

KAMB is listener and community supported and offers you a great value. Your business can begin a long term relationship with our base of *loyal and pro-active listeners*, many of whom are business and community leaders. Our commitment is to go far beyond the transaction - our goal is community transformation through businesses, churches and families. KAMB has been an encouraging place on the dial for 46 years!

Your Marketing Messages Stand Out on KAMB

Our practice of airing a limited number of announcements per hour produces a clutter free environment. Your message will stand out. Ironically for all the time, money and energy put into regular radio commercials, research shows that shorter messages that produce "top of mind" awareness are more successful in reaching the audience. Think about it, do you tune out when a station goes into a long commercial break? Our strategy of on-air and on-line promotion has proven very successful. We look forward to building a long term relationship with you and help you grow your organization. Feel free to contact us with any questions or of course, to get started!
